

Founded 1973, **BIFMA** is the not-for-profit trade association for business and institutional furniture manufacturers, based in the USA.

BIFMA is accredited by the [American National Standards Institute](#) (ANSI).

BIFMA Compliant is an industry-wide registry of furniture products that conform to BIFMA safety and durability standards. Compliant provides clarity to the market by differentiating products that meet established industry standards. Manufacturers around the world are invited to participate.

With an array of options available on the market today, BIFMA seeks to help all customers make confident buying decisions. The registry is a resource for both specifiers and buyers to quickly identify quality products that comply with safety and durability standards.

Products with BIFMA Label have been tested regarding Compliance To One Or More Of The Following Mechanical Standards That Focus On Safety And Durability:
